

PLAYER ROTATION POLICY

JUNIORS

1. ROTATION THROUGHOUT THE REGULAR SEASON

- All coaches will rotate court time for their players equally throughout the season and keep a record of time allocated off for each player.
- If there are any issues raised by a parent of a player regarding court time rotations, please request that the parent contact the North Wagga AFNC Board in writing at northwaggasaints@gmail.com.

2. FINALS

- It is the policy of North Wagga AFNC to ensure that all teams reaching finals put forward their strongest players whilst still ensuring that all players within the team have some court time within the finals matches.
- If a team is successful at reaching the finals then all members of the team will be allocated time on court during the finals matches if they have more than seven players.
- It is at the coach's discretion as to how much time is given to each player on court throughout the finals.
- It is understood that finals can be very different in intensity and atmosphere to season games and that team stability is an important factor.
